AIRPORT TERMINALS & PROCEDURES

WELCOME TO LOS CABOS!

When travelling into Mexico all passengers must pass through customs and immigration. Paperwork that you will need includes a current passport and customs form make sure you pack a pen in case you need to do this in the air (if they have enough forms which may be provided by the flight attendant, or which can be found at the entrance of the terminal). Once through immigration, passengers will pick up their luggage and proceed to customs. This procedure is quick and simple. Passengers push a button; we refer to as the "traffic light". If the traffic light is green, passengers proceed through. If the light is red, their luggage will be inspected.

After passing through customs, you will proceed to the exit that says "Groups or Pre-Arranged Transportation"

IMPORTANT- Mexico Customs Regulation on Electronics

Effective immediately, please be aware of the following guidelines concerning the import of electronic devices for travelers to Mexico.

Each traveler is permitted to bring ONE portable computing device (e.g., laptop, notebook, or iPad) without incurring an import fee. If passengers bring multiple devices, such as a laptop and an iPad, each will be treated as a separate item, which may result in additional fees.

Allowed Items: 1 laptop or similar portable computing device (e.g., iPad)

Limited Items: Up to 3 cell phones, 1 GPS, 2 cameras, 1 pair of binoculars, 4 fishing poles

▲ Exceeding these limits may result in customs duties starting at 19% of the item's estimated value, with some cases reporting fees as high as 200%.

Procedures by terminal:

Terminal 2 (T2 International):

THIS IS VERY IMPORTANT! Arriving passengers must proceed all the way outdoors without stopping inside the Terminals. Timeshare sales representatives within the terminals are extremely creative and persistent in their techniques and should be avoided. Once passengers are outside the terminal, please look for Amstar Staff attired in "royal blue" shirts and khaki pants with name tag for I.D. purpose. **They will meet and greet you with a sign at the pole #7. As soon as you get out of the airport terminal, please keep walking, you will pass the street and you will see the umbrella #1, please keep walking straight to the pole # 7.**
